

The Village of Illiopolis Tree Giveaway Program

In an effort to beautify and improve the health and well-being of our community, the Village of Illiopolis is offering residents an opportunity to select a tree (from the list below) to be planted in the boulevards throughout the village. Final planting locations will be based on feasibility, suitability, and availability. All varieties may be planted on the opposite side of the street from utility lines, but we recommend that only the serviceberry varieties, #1 and #5, be located on the utility side of the street. The trees are smaller than pictured (four to six feet tall) and will be planted in October and November on a first-come, first-serve basis. Quantities are limited. Please complete the form below and drop it by the Village Hall during business hours. Thank you for your interest!

1 Amelanchier canadensis

(Shadblow serviceberry)

2 Liriodendron tulipifera

(Tulip poplar)

3 Nyssa sylvatica

(Black gum)

4 Tilia americana

(American linden)

5 Amelanchier grandiflora

(Serviceberry)

6 Acer rubrum

(Red maple)

I am interested in having a tree planted on the boulevard in front of my residence.
